

Families

As a parent of a Carolina student, you are now a part of our Carolina family! We encourage you stay informed about University happenings and become active so that we together can help your child become as successful as possible. One way to do this is by getting involved with the Carolina Parents Association. In doing so, you will meet many great and interesting parents with the commonality that binds us together ? our extraordinary students.

Visit the [New Student & Family Programs](#) [1] website for more information and details on the available programs.
