Why Give

Student Affairs is devoted to creating an integrated learning experience that helps students reach their educational, personal, and professional aspirations. The education of a college student is a combination of an excellent academic program with the application of learning to daily life. We work in partnership with the faculty and the academic administration to provide a holistic educational experience for all students. The development of students into educated, engaged, and committed leaders requires that Student Affairs provides the optimal conditions and environments in which learning and growth can take place.
